

## **Report for Trimley Memorial Hall, 19.3.24 – 1.4.25**

The Hall committee has met 6 times during the last year, and have welcomed 2 new members. We sadly lost Wilf Youngs, who had been on the committee for several decades. We will shortly be updating all our protocols. The Hall is virtually running at capacity, and many clubs/organisations have had to be turned away. Therefore, we look forward to the new extension.

After some extremely high temperatures last year, we are trying to obtain planning permission for air conditioning. We started this at the beginning of 2024. We have obtained 2 quotes for the work, and 2 quotes for overseeing the planning process, which is still ongoing.

The local bank has closed, therefore we have to now take cheques/cash into the Post Office.

We had a successful xmas tree light up and carols event, and thanks go to all involved.

Multiple clubs/organisations use the hall on a regular basis, with many social events including wedding receptions/childrens parties/funeral wakes, mostly booked by local residents.

We will be looking at updating all our protocols.
