

Report on behalf of Trimley Memorial Hall Management Committee 02.04.2024

The committee have met 5 times between Jan 23 – Jan 24, including AGM in 2024. We are a committee of 7, all volunteers. We have kept the Hall in good condition, and this year have had:

- Trolleys made for under the stage storage
- Disco light system fitted, mainly for childrens parties
- An extra notice board
- Replacement toilets had been installed

We are very grateful to the PC for upgrading the drainage system.

The committee is now looking to put in air conditioning, due the excessive temperatures we are getting. A lot of our hirers are elderly. We are seeking advice on planning, this is proving elusive.

The Hall is at full capacity, the secretary is turning away enquirers on a weekly basis.

H Rodwell

Hall Secretary
