

## **TRIMLEY ST MARTIN PARISH COUNCIL**

### **Chairmans Report**

**July 2024**

#### Accident at T junction High Road/single track road

Due to long grass visibility emerging on to High Road being a serious safety hazard. Carly phoned Highways on day of accident to report urgency for cut.

Alarming this was not carried out. Carly phoned again after the weekend and eventually cut was done.

Problem of poor visibility due to long grass is an issue every year despite PC reporting each time

Adding to mix, T junction sign had not been re- installed. Carly reported again.

#### Goslings Farm Shop

Following hearing an interview between presenter and Coast Patrol who had been in conversation with a certain individual. I updated Bidwells accordingly and asked if they might be able to help Coast Patrol.

#### Public rights of way

Number of residents have spoken to me about problems. This is an agenda item to be discussed.

#### Climate change

Further correspondence from St Mary received and sent on to Carly. An agenda item to be discussed.

#### Temporary traffic lights St Martins Green/ High Road

Despite completion of works lights remained in place. Following phone call to Traffic Management by resident plus myself lights eventually removed along with other road signs left at previous works.

Temporary traffic lights etc need to be removed promptly to avoid unnecessary traffic congestion resulting in pollution and delaying bus services and other transport providers,

#### Memorial Hall Management Committee

Informed at recent meeting kitchen hatch replacement door now installed at £280

Reimbursement request had been made to PC - to be discussed as on agenda

Aircon - due to delay in submitting for planning, additional quotes to be sought.

#### Fishing lakes

Up and running following successfully securing lease. Now run by syndicate of all club members. There is a waiting list of 65.

Deep water signs etc now in place to ensure compliance of lease.

Gate at end of driveway installed.
